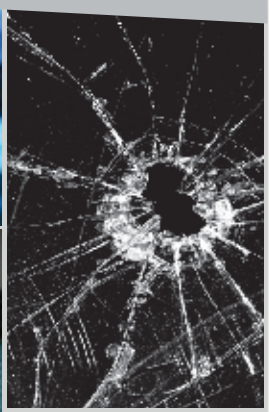
PARKERSBURG, WV

March 6th

HEALTHCARE ACTIVE SHOOTER...

READINESS, RESPONSE, AND RECOVERY



Active Shooter...it's already happened at healthcare facilities and, unfortunately, will happen again. The impact is always devastating.

The Healthcare-Specific Active Shooter... Readiness, Response and Recovery Training Seminar focuses on understanding and responding to an Active Shooter event through the unique perspective of the healthcare community. We'll explore early warning signs and prevention strategies, as well as present individual and organizational response strategies to survive the unthinkable.

Sponsored by:

Region 5
Disaster Preparedness Group &
WVA Hospital Association
